REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the prior art of record, when considered alone or in combination, neither anticipates nor renders obvious the limitations of a method and apparatus for drying a medium for producing a porous matrix which includes injecting the product of the porous matrix into a drying circuit through a drying chamber, allowing the matrix to be kept suspended in the chamber by a drying medium, removing moisture from the matrix via a heat exchanger coil comprising a first heat exchanger where the water vapor is condensed and removed from the circuit and finally the drying medium is adjusted to the desired inlet condition in a second heat exchanger before the drying medium is allowed to return to the drying chamber.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
